

K-Love serves me as a resident of my local community by offering positive & encouraging listening options for my family & I. I have 2 teens & they enjoy listening to Klove also. It offers national news & weather. If K-Love were displaced by a LPFM broadcaster the effect on the local community would be huge. We love to have a Christian music station. You don't get this with most stations. It is a station that you can go to & not be bombarded by commercials & politcal messages. I believe that the service provided by k-love is in the public interest because it is so positive & encouraging. There are a lot of hurting people in our country & they don't know where to turn. With KLove they can know there is a God & he loves them no matter what. What more could we want for our nation. God is Good! Lets spread the word!
